MEMORANDUM FOR: Chief, Systems Engineering Group, ODP

25X1 FROM : [REDACTED]  
Chief, Naval Systems Division, OSWR25X1 SUBJECT : Statement of Appreciation for Excellent Work by  
[REDACTED]

25X1 1. I would like to express my appreciation for the innovative efforts of  
[REDACTED] of your Data Base Systems Division. Because of [REDACTED]  
25X1 modification of Sovsub, one of our Nomad data bases, we are now able to fully  
25X1 use this important data base. [REDACTED]

25X1 2. Prior to [REDACTED] analysis, the search rate on [REDACTED] was taking  
25X1 from 16 to 40 minutes. Many times the program execution was halted before the  
25X1 answer was received. Since this data base contains over 40,000 records of  
25X1 valuable information [REDACTED] we decided to  
25X1 look for another data base suitable for text searching. [REDACTED]

25X1 3. We held meetings with [REDACTED] to discuss other data bases and their  
25X1 capabilities. He was not convinced that a new system was the answer and  
25X1 offered to look at [REDACTED] In a few days, he was able to decrease the search  
25X1 time to only 41 seconds. [REDACTED]

25X1 4. Because of [REDACTED] excellent assistance we are now able to access  
25X1 a data base that had not been fully used for over a year. [REDACTED]

25X1 [REDACTED]
